Dreams In Late Antiquity Studies

Miller's study provides a thorough examination of beliefs about dreams in antiquity. It is a fascinating topic, which is so often overlooked or dismissed as mere superstition, unworthy of scholarly attention. Miller highlights how dreams can be useful for understanding the lives of individuals in antiquity and how they perceived the world.

Dreams in Late Antiquity: Studies in the Imagination of a ...

In the first half of this book, Dr. Miller carefully goes through how Graeco-Roman people in late antiquity thought about dreams: where they thought dreams came from, how they interpreted them, and how they used them.

<p>Dream interpretation was a prominent feature of the intellectual and imaginative world of late antiquity, for martyrs and magicians, philosophers and theologians, polytheists and monotheists alike. Finding it difficult to account for the prevalence of dream-divination, modern scholarship has often condemned it as a cultural weakness, a mass lapse into mere superstition. In this book ...

Draws on pagan, Jewish and Christian sources and modern semiotic theory to demonstrate the importance of dreams in late antiquity. The text argues that Graeco-Roman dream literature formed a personal and cultural pattern of imagination and gave tangible substance to ideas such as time and the self.
