Trees are the main focus of the Woodcutting skill. They all have different levels that they can be cut at and are all across the lands of Curse of Aros. They all have different levels that they can be cut at and are all across the lands of Curse of Aros.

Trees - Curse of Aros

Again, the root system is the reason we avoid this tree. The roots of the willow are aggressive and strong. They've been known to ruin underground water lines and crack poured pavement. The willow is susceptible to disease and pests; it grows wide—often 50-60 feet—and its branches hang low. Avoid at all costs.
